“UNSERVICEABLE FLAGS CEREMONY

(During the ceremony, only one flag should be utilized to symbolize all the flags intended for disposal.)

Officer of the Day: “Today we have gathered here to pay our last respects to this symbol of our great nation and retire this flag.

The Stars and Stripes was adopted on June 14, 1777, by the Continental Congress to be our nation’s flag. Since then, there have been 27 iterations of this flag but what it stands for has not changed. The US flag has 13 alternating red and white stripes representing the 13 original colonies. Its 50 white stars on a blue field represent the 50 states of our country. The colors of the flag also have meaning – The Red representing valor and bravery, White for purity and innocence, and Blue for vigilance, perseverance, and justice.

Our Nation’s flag has flown in peace and war. It has been present at more than 100 military conflicts and countless expeditions and deployments around the world to include the Revolutionary War, War of 1812, Civil War, Spanish-American War, World Wars I and II, Korea, Vietnam, The Gulf War, Afghanistan and Iraq. The flag remains a symbol of freedom, liberty, hope strength and pride to which Americans pledge their allegiance.

Comrade Commander, I wish to present this flag of our Country for examination and retirement.”

Commander: “Comrade Officer of the Day, proceed to the Junior Vice Commander and present the Flag for examination.”

(Officer of the Day will pick up ceremonial flag and will carry it with both arms crossed, held to their chest and will move in a uniform manner to the Junior Vice Commander)

(When Officer of the Day arrives with the ceremonial flag, Junior Vice Commander renders a slow salute to the flag)

(Officer of the Day will lower the flag from their chest and present the flag to the Junior Vice Commander)

Following presentation of the flag to the Junior Vice Commander, the Officer of the Day shall, in turn, render a slow salute)

Officer of the Day: “Comrade Junior Vice Commander, I present this flag for your examination. Is this flag no longer a fitting emblem for display?”

(Junior Vice Commander looks down upon the flag)

Junior Vice Commander: “It is not, proceed to the Senior Vice Commander”

(Officer of the Day will bring the flag back to their chest and move in a uniform manner to the Senior Vice Commander)

(When Officer of the Day arrives with the ceremonial flag, Senior Vice Commander renders a slow salute to the flag)

(Officer of the Day will lower the flag from their chest and present the flag to the Senior Vice Commander)

Following presentation of the flag to the Senior Vice Commander, the Officer of the Day shall, in turn, render a slow salute)

Officer of the Day: “Comrade Senior Vice Commander, I present this flag for your examination. Should this flag be destroyed in a dignified manner?”

(Senior Vice Commander looks down upon the flag)

Senior Vice Commander: “Yes, it should. Present this flag to the Commander for final examination and fitting disposal.”

(Officer of the Day will bring the flag back to their chest and move in a uniform manner to the Commander)

(When Officer of the Day arrives with the ceremonial flag, Commander renders a slow salute to the flag)

(Officer of the Day will lower the flag from their chest and present the flag to the Commander)

Following presentation of the flag to the Commander, the Officer of the Day shall, in turn, render a slow salute)

Officer of the Day: “Comrade Commander, in accordance with United States Code Title 4. Section 8 (k), when the flag is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning.”

Commander: “Very well.”

Commander: “Attention! This flag has served its nation long and well It has been worn to a condition in which it should no longer be used to represent the nation. This flag represents all the flags collected and being retired from service today. The honor we show here for this one flag, we are showing for all the flags, even those not physically here.”

(Prayer portion of this ceremony is optional)

Commander: Parade Rest! Uncover! Comrade Chaplain, please offer the prayer

Chaplain: “Lord, we thank Thee for our Country and its Flag, and for the liberty for which it stands. We humbly ask you to watch over our service members now serving under our flag. We commit these flags, worn-out in worthy service, to a clean and purging flame. As they yield their substance to the fire, may Thy holy light spread over us, bring warmth to our Prisoners-of-war, provide a beacon for our missing in action to be returned home, and bring renewed devotion to God and Country. Amen.”

207 EU VETERANS OF FOREIGN WARS MODERN ELIGIBILITY AND REMOTE SERVICE ACT (VFW MERit) ACT

BE IT RESOLVED, by the Veterans of Foreign Wars of the United States, assembled at its National Convention, that we urge the Congress of the United States to enact legislation, to be known as the Veterans of Foreign Wars Modern Eligibility and Remote Service Act (VFW-MERit Act), to amend 36 U.S.C. §§ 230101 and 230103, and any related provisions of the VFW Congressional Charter, to modernize membership eligibility so that it

explicitly recognizes combat-relevant over-the-horizon, remote, and cyber warfare roles performed in support of U.S. operations against foreign adversaries; and

BE IT FURTHER RESOLVED, that the VFW-MERit Act shall establish a modern, combat-relevance-based eligibility standard for combat and combat-support service, thereby safeguarding both the wartime character of the organization and its long-term institutional viability, as follows:

1. COMBAT-RELEVANCE STANDARD.

Service Members whose official military records, as determined by competent military authority and recognized by the VFW National organization, establish: (a) direct participation in, or direct operational support of, combat or contingency operations conducted against foreign adversaries, including through modernized, network-based, cyber, space, remote, or over-the-horizon means; and (b) assignment to a unit, billet, or duty position, or receipt of an individual or unit award, specifically identified by competent military authority as conducting or directly supporting such combat or contingency operations—regardless of the geographical location from which such operations are conducted or whether traditional campaign medals have been awarded; and

BE IT FURTHER RESOLVED, that for purposes of this combat-relevance standard, clear indicators of combat-relevant service shall include, but not be limited to:

1. Award of the Remote Combat Effects Campaign Medal;
2. Award of the Air Medal for remote or over-the-horizon combat or direct combat-support operations;
3. Award of any present or future Department of Defense or service-specific individual medal, ribbon, badge, device, or officially established status identifier—such as the combat participation identifier contemplated under the CARE for RPA Crews Act—expressly designated to recognize direct participation in, or direct support of, combat or contingency operations conducted through modernized, network-based, cyber, space, remote, or over-the-horizon means; and
4. Documented assignment, as reflected in official military orders or records, to units, billets, or duty positions identified by competent military authority as conducting or directly supporting named combat or contingency operations, including those executed through over-the-horizon, remote, cyber, or other digitally mediated means; and

BE IT FURTHER RESOLVED, that Article I – Members, Section 101 – Eligibility, of the VFW National Bylaws and the VFW Manual of Procedure be conformed, upon enactment of the VFW-MERit Act and corresponding amendments to the Congressional Charter, to add implementing language substantially as follows:

“An individual is eligible for membership if the individual’s official military records, as determined under procedures prescribed by the National organization, establish direct participation in, or direct operational support of, combat or contingency operations against foreign adversaries, as identified by competent military authority. Such participation or support may occur through traditional in-theater service or through modernized, network-based, cyber, space, remote, over-the-horizon, or other digitally mediated warfare roles that directly employ, or enable the employment of, lethal or strategically decisive force in support of such operations, notwithstanding the absence of physical presence within the theater of operations.

Indicators of such combat-relevant service may include, but are not limited to: (1) the Remote Combat Effects Campaign Medal; (2) the Air Medal awarded for remote or over-the-horizon combat or direct combat-support operations; (3) any present or future Department of Defense or service-specific individual award, medal, ribbon, badge, device, or combat participation status identifier—such as those established pursuant to a passed Congressional Act—expressly designated to recognize direct participation in, or direct support of, such operations; or (4) documented assignment to units, billets, or duty positions identified by competent military authority as conducting or directly supporting named combat or contingency operations.”

and that conforming references be included in the Manual of Procedure to authorize the National organization to promulgate and update detailed combat-relevance criteria and verification procedures—specifically including over-the-horizon, remote, cyber, and other digitally mediated warfare functions, any future Department of Defense awards for such roles, and any status identifiers adopted pursuant to legislation such as the CARE for RPA Crews Act or other future Congressional Act—consistent with this combat-relevance standard and the redefined understanding of “foreign space” and the “theater of action” in modern warfare; and

BE IT FURTHER RESOLVED, that the VFW National Legislative Service be directed to actively seek sponsors for, and advocate for the passage of, the Veterans of Foreign Wars Modern Eligibility and Remote Service Act (VFW-MERit Act), or similar statutory measures that would amend the VFW Congressional Charter to enact this combat-relevance framework and ensure that the front lines of modern network and over-the-horizon warfare are legally recognized by this organization; and

BE IT FURTHER RESOLVED, that this resolution, upon adoption by the National Convention, be implemented in conformity with the VFW National Bylaws, the Manual of Procedure, and the amended provisions of the Congressional Charter, so that the Veterans of Foreign Wars of the United States may continue to credibly and visibly represent those who have borne the battle in both traditional and over-the-horizon forms of modern warfare, and to remain the enduring national voice of those who

fight America's wars even as the battlefield becomes a network as much as a place.

Only delegates representing those Posts listed on the report will be accorded voting privileges.
