

STATE of MICHIGAN VFW

2025-2026 LEGISLATIVE PROGRAM

Department State legislative priorities are developed based on resolutions adopted by our State Convention delegates on state issues of concern to Michigan veterans. These resolutions are then used, in consultation with the other members of the Michigan Commanders Group of State Veterans Service Organizations, to establish a list of Commanders Group endorsed Legislative Priorities. State legislative priorities are pursued by the Department leadership team and the Department Legislative Director, generally in concert with the other members of the Commanders Group and the Commanders Group Legislative Committee.

The VFW of Michigan, while a member of the Commanders Group, may endorse State legislative concerns independent of those endorsed by the Commanders Group that are consistent with State Convention endorsed resolutions.

State Legislative Priorities from the Commanders Group are posted on this page.
Endorsed resolutions from the 2025 State Convention are also posted on this page.

National legislative priorities are developed by the VFW National Legislative Service based on National Convention supported resolutions on national issues of concern to America's veterans in the areas of national security and veterans benefits. National legislative priorities are pursued by VFW National Legislative Service, VFW National Officers and the State leadership team and the State representative on the National Legislative Committee.

National VFW Legislative Priorities are posted on this page.
National proposed resolutions endorsed by the 2025 State Convention are also posted are on this page.

The State Legislative Team will keep our members informed of our State and National Legislative efforts through regular communications via alerts on the website, alerts and updates on the State Facebook page, updates published in the MOV and the State General Orders.
